RE: **PETITION NO. 1483** – The Connecticut Light and Power Company d/b/a Eversource Energy declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed Dooley Substation to Scoville Rock Substation and Middletown Substation Structure Replacement Project consisting of the replacement and reconductoring of electric transmission line structures along approximately 9 miles of its existing Nos. 387, 362, and 3041 115-kV electric transmission lines within existing Eversource electric transmission line right-of-way in Middletown, Connecticut, and related electric transmission line and substation improvements.

Dear Christine Farrell:

The Connecticut Siting Council (Council) is in receipt of the email correspondence dated September 28, 2022, regarding temporary changes to work hours for the above-referenced declaratory ruling that was issued by the Council on May 13, 2022.

Pursuant to Condition No. 1 of the Council's Declaratory Ruling, the request to perform work from 8:00 a.m. until 7:00 p.m. on the following Sundays: October 2, 2022; October 9, 2022 and October 16, 2022, is hereby approved. The Sunday work hours are necessary due to delays in the issuance of permits and to complete work to meet scheduled outage dates.

This approval applies only to the request for changes to work hours dated September 28, 2022.

Please be advised that deviations from the standards established by the Council in the Declaratory Ruling are enforceable under the provisions of Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Sincerely,
