Melanie Bachman, Esq.  
Executive Director  
Connecticut Siting Council  
10 Franklin Square  
New Britain, CT 06051

Re: **PETITION NO. 1492** – CT NSB ProjectCo LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 1.99-megawatt AC solar photovoltaic electric generating facility located at 486 Fitch Hill Road, Montville (Uncasville), Connecticut, and associated electrical interconnection.

Dear Attorney Bachman:

On behalf of CT NSB ProjectCo LLC (“Petitioner”), please accept this revised response to interrogatory #7 submitted by the Connecticut Siting Council on March 28, 2022. Petitioner was initially informed that the project site exceeded the ten-year participation requirement under Public Act 490. However, Petitioner has since been informed that this is not the case.

Consistent with Council requirements, Petitioner submits one electronic version, an original, and fifteen hard copies of all necessary documents.

Please feel free to contact me if you have any questions.

Very truly yours,

Paul R. Michaud  
Dylan J. Gillis

Interrogatory 7

Is the site parcel, or any portions thereof, part of the Public Act 490 Program? If so, how does the municipal land use code classify the parcel(s)? How would the project affect the use classification?

Original Response:

The site parcel is part of the Public Act 490 program but exceeds the ten-year participation requirement under the Act. The property is zoned residential, and this is not expected to change.

Revised Response:

The site parcel is part of the Public Act 490 program and does not exceed the ten-year participation requirement under the Act. The municipal land use code classifies the parcel as Forest Land. The proposed project will remove the Forest Land use classification.
