RE: **PETITION NO. 1492** – CT NSB ProjectCo LLC declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 1.99-megawatt AC solar photovoltaic electric generating facility located at 486 Fitch Hill Road, Montville (Uncasville), Connecticut, and associated electrical interconnection.

Dear Attorney Michaud:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated April 3, 2023, regarding compliance with Condition Nos. 2 and 6 of the Declaratory Ruling issued by the Council on June 24, 2022 for the above-referenced facility.

Condition No. 2 requested a copy of the Department of Energy and Environmental Protection (DEEP) Stormwater Permit and Condition No. 6 requested the results of the consultation with Eversource Energy to reduce the visual impact of the electrical interconnection.

The Council acknowledges that Condition Nos. 2 and 6 have been satisfied. This acknowledgment applies only to the conditions satisfied by the April 3, 2023 correspondence.

Land-based construction activities associated with the facility defined under the DEEP Stormwater Permit may commence under the DEEP Stormwater Permit; however, construction of the solar panel racking system may not commence until the final structural design for the racking system stamped by a Professional Engineer duly licensed in the State of Connecticut is submitted to the Council, pursuant to Condition No. 3 of the Declaratory Ruling.

Please be advised that deviations from the standards established by the Council in the Declaratory Ruling are enforceable under the provisions of Connecticut General Statutes §16-50u.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman  
Executive Director
