Re: VCP EPC, LLC d/b/a Verogy – Notice of Intent to File a Petition for Declaratory Ruling for the Construction, Operation, and Maintenance of a 2.99 MW AC Roof-Mounted Solar Photovoltaic Electric Generating Facility at Dollar Tree Distribution Center, 99 International Drive, Windsor, Connecticut

[Recipient]:

Pursuant to the provisions of the Regulations of Connecticut State Agencies, Section 16-50j-40(a), this letter serves as notice that VCP EPC, LLC d/b/a Verogy (“Verogy”) intends to file a Petition for Declaratory Ruling (“Petition”) with the Connecticut Siting Council (“Council”) on or about April 8, 2022 seeking approval for the construction, operation, and maintenance, of a 2.99 megawatt (“MW”) alternating current (“AC”) roof-mounted solar photovoltaic electric generating facility, including all its associated equipment, (“Project”) at Dollar Tree distribution center located at 99 International Drive in Windsor, CT (“Project Site”). The Project will be located on the roof of the existing building and interconnected to the existing transformers and electrical room on the west side of the building. The Project Site is owned by Dollar Tree Distribution, Inc and is bounded by Industrial Drive to the north, Stone Road and residential properties to the east, residential properties to the south, and agricultural land to the west. The town boundary between Windsor and East Granby, Connecticut is located with 2,500 feet of the Project Site.

The proposed Project will consist of the installation of solar modules and inverters on the roof of the building, electrical conduit and wire from the roof of the building to the existing transformers and electrical room, and new switchgear equipment adjacent to the existing transformers. The Project will be accessed through the existing driveway and parking lot serving the existing distribution center. We have attached a Proposed Conditions figure showing the additional detail regarding the location of the project.

Pursuant to the provisions of the Connecticut General Statutes Section 16-50g and the following sections, the location of certain Project features may change as this Petition proceeds through the Council’s regulatory review process.

If you have any questions please feel free to contact me at development@verogy.com or (860) 288-7215 x715. You may also contact to the Council directly at 860.827.2935.

Sincerely,

Bradley J. Parsons
Director of Design and Permitting
