RE: **PETITION NO. 1512** – New Cingular Wireless PCS, LLC (AT&T) petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed installation of a small wireless facility on a 37-foot 6-inch state-owned replacement light pole and associated equipment to be located in the southeastern portion of the Manchester Community College campus off Ramey Drive near the Bicentennial Band Shell entrance in Manchester, Connecticut.

Dear Attorney Chiocchio:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than July 7, 2022. Please submit an original and 15 copies to the Council's office and an electronic copy to [siting.council@ct.gov](mailto:siting.council@ct.gov). In accordance with the State Solid Waste Management Plan and in accordance with Section 16-50j-12 of the Regulations of Connecticut State Agencies, the Council requests all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

**Please be advised that the original and 15 copies are required to be submitted to the Council's office on or before the July 7, 2022, deadline.**

Copies of your responses are required to be provided to all parties and intervenors listed in the service list, which can be found on the Council's website under the "Pending Matters" link.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

A handwritten signature in black ink, appearing to read "Melanie Bachman".

16. The Petition and construction drawings (Sheet A-1) state that the proposed pole would be 37 feet 6 inches above ground level. The Structural Analysis provided with the Petition and in response to interrogatory 12 state that the centerline of the proposed antenna would be 29 feet 3 inches above grade. The Radio Frequency Analysis states that the antenna would be 29 feet above ground level. Please clarify the proposed length of the pole, height to the top of the pole above ground level including the height of the equipment enclosure at the base, and centerline height of the proposed antenna.
17. In reference to the response to interrogatory 16, please provide a revised Structural Analysis and Radio Frequency Analysis, as necessary.
18. What is the height of the existing adjacent light pole?
19. Page 11 of the Radio Frequency Analysis provided with the Petition states the nearest structure is a 3-story building located about 110 feet to the northwest, while the response to interrogatory 5 states horizontal distance to the nearest rooftop is approximately 208 feet. Please clarify.
20. The response to interrogatory 13 states the pole will be bolted to the poured foundation. The response to interrogatory 14 states that the pole would not extend through the equipment enclosure at the base. Please clarify how the pole would be bolted directly to the foundation if it does not extend through the enclosure at the base.
