Dear Melanie Bachman:

Eversource is requesting approval from Connecticut Siting Council staff for Sunday work hours (7 AM to 5 PM) on March 26 for drilling at structures 19624 and 19624A, located at the Derby Junction in Shelton. The drilling schedule was delayed due to the past storm event and the structures need to be drilled and set during the scheduled outage to support United Illuminating's Derby-Shelton replacement project.

Eversource will provide notice today to the City of Shelton and the abutter.

If you have any questions or concerns about this work, please contact me.
