RE: **PETITION NO. 1531** – The Connecticut Light and Power Company d/b/a Eversource Energy declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed 1200/1300 Line Structure Replacement Project consisting of the replacement and reconductoring of approximately 0.39 mile of its existing No. 1200 and No. 1300 115-kilovolt electric transmission lines within existing Eversource electric transmission line right-of-way between Eversource's Windsor Locks Substation in Windsor Locks and Warehouse Point Junction in East Windsor, Connecticut and related transmission line and substation improvements.

Dear Sue Bellion:

The Connecticut Siting Council (Council) is in receipt of the email correspondence dated November 7, 2022, regarding temporary changes to work hours for the above-referenced declaratory ruling that was issued by the Council on September 30, 2022.

Pursuant to Condition No. 1 of the Council's Declaratory Ruling, your request to perform work from 7:00 a.m. until 5:00 p.m. on the following Sundays: November 13, and December 4, 2022; with potential backup dates of November 20, and December 11, 2022 if necessary due to inclement weather is hereby approved. The Sunday work hours are necessary to pull wires over Interstate 91 during off-peak hours per Connecticut Department of Transportation permit requirements.

This approval applies only to the request for changes to work hours dated November 7, 2022.

Please be advised that deviations from the standards established by the Council in the Declaratory Ruling are enforceable under the provisions of Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Sincerely,

Subject: Petition 1531: 1200/1300 Line Structure Replacement Project: Sunday Extended Work Hours; November 13th, November 20th, December 4th and December 11th

Dear Ms. Bachman:

We are requesting staff review and approval for extended work hours for the above referenced project on the following Sundays: November 13th, November 20th (backup for November 13th if weather issues prevent the work to be done on that Sunday), December 4th and December 11th (backup for December 4th if weather issues prevent the work to be done on that Sunday) from 7AM-5PM. The work during these extended hours consists of pulling wires over I-91 and the CT Department of Transportation permit only allows this work during these off-peak hours.

We have notified the Town of East Windsor of our intention to submit this request to the Council and they do not object to these extended work hours.

Please do not hesitate to contact me should you have any questions regarding this request.

Thank you for your consideration of this matter.

Best,

Sue
