Re: Petition of North Haven Solar One, LLC for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is Required for the Proposed Construction, Operation and Maintenance of a 1.625 MW AC Ground-mounted Solar Photovoltaic Electric Facility Located at 122 Mill Road in North Haven, Connecticut

Dear Ms. Bachman:

I am writing on behalf of my client, North Haven Solar One, LLC in connection with this matter. Accompanying this letter is an original and fifteen copies of a Petition for a declaratory ruling, pursuant to Connecticut General Statutes §§4-176 and 16-50k, that no Certificate of Environmental Compatibility and Public Need is required for North Haven Solar One's proposed development, construction, operation, and maintenance of the above-referenced solar photovoltaic project.

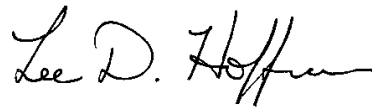

In addition to the hard copies of the Petition that accompany this letter, I am also enclosing an electronic copy of the Petition itself, along with an electronic copy of the complete Appendix I – Public Outreach for this Petition. The remaining appendices for this Petition can be found at the following link: [☐ North Haven Solar One - CSC Petition](#).

When using that link, please do not download the Appendix I that is in that share file site, as it is incomplete. Instead, please use the Appendix I that is enclosed with this letter, both electronically and in hard copy.
