

North Haven Solar One

NAME
ADDRESS
TOWN STATE, ZIP CODE

Dear NAME,

I am writing to introduce you to Verogy. We are a Hartford-based renewable energy developer focused on operating Solar Farms for municipal and commercial clients. Our team has decades of experience in the development, financing, construction and management of solar energy projects and we are excited to announce that we're currently pursuing a solar project in North Haven.

The proposed project, North Haven Solar One, is located at 122 Mill Road. The project's design calls for a 1.6 megawatt system located on approximately 9 of the parcel's 23 acres. Once completed, North Haven Solar One is projected to generate enough energy to power 401 homes for a year, while generating zero pollution or carbon emissions. 100% of North Haven Solar One's electrical production will be sold to Connecticut utility companies. Additionally, North Haven Solar One will be an economic contributor to the town, generating new property tax revenues and creating jobs in the region.

Until we can meet in person, we wanted to introduce our company, share the enclosed fact sheet, and let you know that our website: <https://www.verogy.com/north-haven-solar-one/> will be available as a resource for you throughout this process providing the latest project information. We hope you will let us know if you have any comments or questions through the Contact Us section at the bottom of the page. We are looking forward to investing in North Haven and appreciate your feedback as we finalize our proposed project.

The Verogy team looks forward to connecting with neighbors as we work to develop North Haven Solar One. If you have any questions, please feel free to reach out.

Sincerely,

Bryan Fitzgerald
Director of Development
[Verogy](#) | 150 Trumbull Street, 4th Floor
Hartford, CT 06103

North Haven Solar One

PROJECT DESCRIPTION

- North Haven Solar One is a solar project located at 122 Mill Road in North Haven
- The 1.6 MW ac system will generate enough electricity to power 401 average homes for a year
- The project site is designed to have minimal environmental impacts with no disruption to wetlands or core forest

BENEFITS TO NORTH HAVEN

- Increased new annual municipal tax revenues with no additional burden on town services
- Infrastructure upgrades that improve the reliability of North Haven's electrical grid
- Reduction in energy demand during peak usage will decrease energy costs for ratepayers statewide
- Strengthened renewable energy resources that produce electricity locally with zero pollution

ACHIEVING THE 100% ZERO CARBON TARGET BY 2040 & ENVIRONMENTAL BENEFITS

- As a Class I Renewable Energy Source, North Haven Solar One will help support the goals set forth in Governor Lamont's 2019 Executive Order No. 3 100% zero carbon target for the electricity sector by 2040.
- Once operational, the project will offset the equivalent of 2,061 metric tons of CO₂ annually, equal to the emissions from 231,968 gallons of gasoline consumed, or to the carbon sequestered by 34,087 tree seedlings grown for 10 years.
- 100% of North Haven Solar One's electrical production will be sold to Connecticut utility companies.
- When completed, the project will use an estimated 9 acres out of a total 123 acres, leaving the balance of the parcel to continue its prior land use characteristics.

APPROVAL PROCESS

Verogy requires approval from the Connecticut State Siting Council, who has jurisdiction over projects like North Haven Solar One. We will also be working closely with municipal departments in North Haven throughout the development of this project. North Haven Solar One will also obtain a General Stormwater Permit.

North Haven Solar One cont...

ESTIMATED PROJECT CALENDAR

JANUARY	2021	Design phase completed
JUNE	2021	Interconnection approvals from United Illuminating
MAY	2022	Completion of environmental studies
AUGUST	2022	Public outreach begins
SEPTEMBER	2022	Application submitted to Connecticut Siting Council
NOVEMBER	2022	Connecticut Siting Council decision issued
MARCH	2023	Construction groundbreaking
SEPTEMBER	2023	Project completion

CONTACT US

Verogy is committed to keeping members of the North Haven community informed about our projects, please feel free to contact us with questions or concerns. Residents with questions about the approval process can contact Verogy's Director of Development, Bryan Fitzgerald at development@verogy.com or 860-288-7215 x701.

**FOR MORE
 INFO ON THIS
 PROJECT:**

SOLAR ENERGY 101

1. Solar panels collect energy from the sun.
2. Inverters convert DC electricity to AC electricity.
3. Electricity is delivered to the circuit that connects to the substation through utility infrastructure.
4. Power is delivered to residential and business consumers through the local grid.

ABOUT VEROGY

Verogy is a Hartford-based solar developer focused on commercial, industrial and small utility scale projects. Built on 75+ years of combined industry experience, the professionals at Verogy have developed, financed and constructed hundreds of solar projects across the United States.

Subject: [External] RE: Pre-application Meeting: Verogy North Haven solar project; Meeting Date 8/29/22

It was a pleasure to meet with you regarding your current proposed activity. Thank you to all who attended.

In summary, the applicant, Verogy, is proposing to construct a +/- 1.6 MW-AC ground-mounted solar farm at 122 Mill Road in North Haven, CT. The project limits are approximately 9 acres in size and some tree clearing is proposed. The majority of the development area is currently active farmland with low slopes across the landscape. Approximately three acres of tree clearing is proposed. Grading is proposed within a steeper portion of the site and for two stormwater basins and associated swales. Piles/screws will be driven into the ground supporting racking and solar panels.

Based upon the information presented at the meeting, a summary of the possible permitting requirements is as follows:

Stormwater Program: your contacts are Chris Stone and Karen Allen.

- A stormwater construction general permit registration is required to be submitted for this proposal. The applicant will need to submit their registration through ezFile. Refer to the following link for instructions: <https://portal.ct.gov/DEEP/Water-Regulating-and-Discharges/Stormwater/Construction-Stormwater-GP>. Please refer to the [Stormwater Quality Manual](#) and stormwater guidance for solar projects in the [construction stormwater general permit](#) (Appendix I) to address specific details on your plans.
- Multiple letters of credit totaling the full required amount should be submitted simultaneously and then may be released individually upon reaching the appropriate milestones in Appendix I; the project name and project site address should be clearly indicated on each letter of credit.
- Additional notes:
 - Some slopes between 15-17% and stormwater basin and swale locations will be graded;
 - Site was previously used as a cornfield; this year hay was planted;
 - Most likely check dams will be used for the swales;
 - Two stormwater basins/sediment traps will be constructed; the one located in the eastern portion of the site will be temporary, the one located in the southeastern portion of the site will be permanent;
 - Testing of soil samples will be conducted within two months to confirm soil types;
 - The groundwater classification of the site is GA;
 - Groundwater is at approximately 2 feet below grade at the temporary northern basin, and at 5-6 feet below grade at the southern basin;
 - Spacing of solar panels at 13.5 ft; panels are proposed to be fixed running east-west.

Environmental Review: Your contacts are Fred Riese and Linda Brunza.

- This proposal was selected as a result of a solicitation by DEEP under the LREC/ZREC program;
- There are some visual impacts for neighbors located on the northerly and westerly portion of the site that will be addressed using a combination of fencing with slats and vegetation screening;
- There are no concerns from the public to date;
- The applicant has been in contact with the local authority;
- The interconnection is at the distribution lines located on Mill Road on the southerly portion of the site;
- Application for the Siting Council will be submitted in mid to late September.

Natural Diversity Database Program (NDDDB): your contact is Robin Blum.

- The final determination has been received by the applicant from NDDDB. There are turtles located at the site and conservation requirements stated in the final determination must be adhered to.

Dam Safety Program: your contact is Dan Lesniewski.

- Since the basins are designed for impoundment of less than three acre-feet of water (when assuming the water level at the crest of the dam), a Dam Safety Construction Permit will not be required, although the basins will still need to be registered. Contact the DEEP Dam Safety Regulatory Program at (860) 424-3706 or by email at DEEP.DamSafety@ct.gov to receive a dam registration form. Once the basins are constructed and a registration form is submitted for each basin, then DEEP will assign each one a hazard class; in this case most likely a hazard classification of AA-negligible hazard. For further information, refer to the DEEP webpage: [Dam Registration and Dam Recordation \(ct.gov\)](#)

Land and Water Resources Division (LWRD): your contact is Sue Jacobson.

- The solar project layout is located within the proper buffer restrictions of any wetlands, watercourses, floodplains, vernal pools located on the site therefore there are no further requirements from LWRD.

Please contact us if you have further questions. I have copied everyone who was in attendance at the meeting.

Meanwhile, if you could help us improve our pre-application process, we would appreciate it! Please complete a quick [follow-up survey](#) of 5 questions!

Thank you!

Re: Development of Solar Project to be located at 122 Mill Road, North Haven, Connecticut

Dear Property Owner:

Please be advised that this office represents North Haven Solar One, LLC, a developer of renewable energy facilities, and North Haven Solar One, LLC intends to develop a 1.625 MW AC Ground-mounted Solar Photovoltaic facility to be located at 122 Mill Road in North Haven, Connecticut ("the Property").

This letter is to advise you that North Haven Solar One, LLC, will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after September 23, 2022 to seek to develop its solar project at the Property. You are receiving this notice from North Haven Solar One, LLC because your property abuts the Property.

Copies of the petition will be available at the Connecticut Siting Council; 10 Franklin Square; New Britain, CT 06051 or at the Town Hall for the Town of North Haven. In addition, an electronic copy of the petition will be available on the Siting Council's website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.

Sincerely,

Lee D. Hoffman

**Re: Development of Solar Project to be located at 122 Mill Road, North Haven,
Connecticut**

Dear Property Owner:

Please be advised that this office represents North Haven Solar One, LLC, a developer of renewable energy facilities, and North Haven Solar One, LLC intends to develop a 1.625 MW AC Ground-mounted Solar Photovoltaic facility to be located at 122 Mill Road in North Haven, Connecticut (“the Property”).

This letter is to advise you that North Haven Solar One, LLC, will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after September 23, 2022 to seek to develop its solar project at the Property. You are receiving this notice from North Haven Solar One, LLC because your property abuts the Property.

Copies of the petition will be available at the Connecticut Siting Council; 10 Franklin Square; New Britain, CT 06051 or at the Town Hall for the Town of North Haven. In addition, an electronic copy of the petition will be available on the Siting Council’s website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.

Sincerely,

Lee D. Hoffman

Re: Development of Solar Project to be located at 122 Mill Road, North Haven, Connecticut

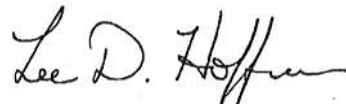

Dear Property Owner:

Please be advised that this office represents North Haven Solar One, LLC, a developer of renewable energy facilities, and North Haven Solar One, LLC intends to develop a 1.625 MW AC Ground-mounted Solar Photovoltaic facility to be located at 122 Mill Road in North Haven, Connecticut ("the Property").

This letter is to advise you that North Haven Solar One, LLC, will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after September 23, 2022 to seek to develop its solar project at the Property. You are receiving this notice from North Haven Solar One, LLC because your property abuts the Property.

Copies of the petition will be available at the Connecticut Siting Council; 10 Franklin Square; New Britain, CT 06051 or at the Town Hall for the Town of North Haven. In addition, an electronic copy of the petition will be available on the Siting Council's website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.

Re: Development of Solar Project to be located at 122 Mill Road, North Haven, Connecticut

Dear Property Owner:

Please be advised that this office represents North Haven Solar One, LLC, a developer of renewable energy facilities, and North Haven Solar One, LLC intends to develop a 1.625 MW AC Ground-mounted Solar Photovoltaic facility to be located at 122 Mill Road in North Haven, Connecticut (“the Property”).

This letter is to advise you that North Haven Solar One, LLC, will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after September 23, 2022 to seek to develop its solar project at the Property. You are receiving this notice from North Haven Solar One, LLC because your property abuts the Property.

Copies of the petition will be available at the Connecticut Siting Council; 10 Franklin Square; New Britain, CT 06051 or at the Town Hall for the Town of North Haven. In addition, an electronic copy of the petition will be available on the Siting Council’s website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.

Sincerely,

Lee D. Hoffman
