Hi Ken.

Thank you for forwarding the full petition for the proposed Verizon rooftop installation located at 19 Kenosia Avenue. As the antennas and mounting structures are proposed to be located behind radio frequency transparent screen panels on the roof of the building, the visual impacts to Kenosia Avenue and Apple Ridge Road would be minimal. As such, the Department has no objections to the proposed rooftop installation.

If you need anything further please let me know.

Thank you,
Jennifer
