Re: **Petition 1566** – The Connecticut Light and Power Company d/b/a Eversource Energy petition for a declaratory ruling for the Card Substation to Wawecus Junction Upgrade Project.

Dear Attorney Bachman:

On September 29, 2023, Eversource Energy (“Eversource”) received a ruling from the Connecticut Siting Council (“Council”) stating that the proposed Card Substation to Wawecus Junction Upgrade Project (“Project”) would not have a substantial environmental effect. Among other conditions of the ruling, the Council required that Eversource submit the following item:

- Within 45 days after completion of construction, the Council shall be notified in writing that the construction has been completed along with a representative photograph of the project.

Construction was completed on September 4, 2024.

Additionally, a representative photograph of the completed Project, is included as *Attachment A*.

Eversource will be providing one original and two hard copies of this notice in the mail for the Council’s records.

Sincerely,

Deborah Denfeld
Team Lead – Transmission Siting
