Re: PETITION NO. 1562 - 524 NLR LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 3.99-megawatt AC solar photovoltaic electric generating facility located at 524 New London Road, Colchester, Connecticut, and associated electrical interconnection.

Dear Ms. Bachman:

I am writing on behalf of my client, 524 NLR LLC ("Petitioner"), in connection with the above referenced Petition. Pursuant to Item No. 10 of the Council's Approval, the Council required the Petitioner to notify the Council within 45 days after completion of construction of the facility, and the Council also required that the Petitioner submit "a representative photograph of the facility" to the Council.

This letter will serve to inform the Council that on December 6, 2024, the facility received its Permission to Operate ("PTO") from The Connecticut Light and Power Company d/b/a Eversource Energy ("Eversource"). As a result of receiving the PTO from Eversource, the Petitioner completed construction of the Facility. A photograph of the facility is enclosed with this letter, pursuant to the Council's instructions.

Thank you in advance for your attention to this submission. Should you have any questions concerning this submittal, please contact me at your convenience. I certify that copies of this submittal have been made to all parties on the Petition's Service List as of this date.

Sincerely,

Lee D. Hoffman
