Dear Lisa Fontaine, or Connecticut Siting Council Member:

I am REQUESTING A HEARING on PETITION NO. 1583 for a 0.999-megawatt AC solar photovoltaic electric generating facility at 428 Bethmour Road, Bethany, CT for the following reasons:

- I oppose this project.
- This is a residential zone and the proposal is for a commercial facility.
- All residents of Bethany have well water. Despite the statements made in the Petition I remain concerned that the water supply, wetlands, and nearby stream could be contaminated.
- I have invested a great deal of money into my home and property. I do not want its value to decline because a solar field can be seen out my window.
- My neighbors and I have collected more than 800 signatures in an online petition from community members who also oppose this project.

Sincerely,

Ted Kramarczuk
