Dear Property Owner:

Please be advised that this office represents USS Somers Solar LLC, a wholly-owned subsidiary of US Solar ("US Solar"), who are developers of renewable energy facilities. This letter is being sent to inform you that US Solar intends to develop a 4-megawatt ("MW") alternating current ("AC") ground-mounted solar photovoltaic ("PV") system to be located at 360 Somers Road, Ellington, Connecticut ("Property"). In December of 2022, US Solar sent out an initial notice to inform residents and relevant government officials of this proposed project. As various dates for filing with relevant state agencies draw closer, US Solar is sending this additional notice to keep all of those individuals updated and reminded of its proposed project.

In connection with this proposed project, US Solar will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after August 16, 2023, seeking the Council's approval to develop its solar project at the Property. You are receiving this notice from US Solar because your property abuts the Property.

Once filed, a full digital copy of the initial Petition will be provided to the Town of Ellington. A full hard copy will be provided to the Town of Ellington if so requested. In addition, an electronic copy of the petition will be available on the Siting Council's website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.

Dear Property Owner:

Please be advised that this office represents USS Somers Solar LLC, a wholly-owned subsidiary of US Solar ("US Solar"), who are developers of renewable energy facilities. This letter is being sent to inform you that US Solar intends to develop a 4-megawatt ("MW") alternating current ("AC") ground-mounted solar photovoltaic ("PV") system to be located at 360 Somers Road, Ellington, Connecticut ("Property"). In December of 2022, US Solar sent out an initial notice to inform residents and relevant government officials of this proposed project. **Re: Proposed 4MW Ground Mounted Solar Photovoltaic Facility to be Located
at 360 Somers Rd, Ellington, CT**

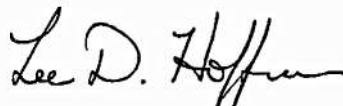

Dear Property Owner:

Please be advised that this office represents USS Somers Solar LLC, a wholly-owned subsidiary of US Solar ("US Solar"), who are developers of renewable energy facilities. This letter is being sent to inform you that US Solar intends to develop a 4-megawatt ("MW") alternating current ("AC") ground-mounted solar photovoltaic ("PV") system to be located at 360 Somers Road, Ellington, Connecticut ("Property"). In December of 2022, US Solar sent out an initial notice to inform residents and relevant government officials of this proposed project. As various dates for filing with relevant state agencies draw closer, US Solar is sending this additional notice to keep all of those individuals updated and reminded of its proposed project.

In connection with this proposed project, US Solar will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after August 16, 2023, seeking the Council's approval to develop its solar project at the Property. You are receiving this notice from US Solar because your property abuts the Property.

Once filed, a full digital copy of the initial Petition will be provided to the Town of Ellington. A full hard copy will be provided to the Town of Ellington if so requested. In addition, an electronic copy of the petition will be available on the Siting Council's website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.

Dear Commissioner Eucalitto:

Please be advised that this office represents USS Somers Solar LLC, a wholly-owned subsidiary of US Solar ("US Solar"), who are developers of renewable energy facilities. This letter is being sent to inform you that US Solar intends to develop a 4-megawatt ("MW") alternating current ("AC") ground-mounted solar photovoltaic ("PV") system to be located at 360 Somers Road, Ellington, Connecticut ("Property"). In December of 2022, US Solar sent out an initial notice to inform residents and relevant government officials of this proposed project. As various dates for filing with relevant state agencies draw closer, US Solar is sending this additional notice to keep all of those individuals updated and reminded of its proposed project.

In connection with this proposed project, US Solar will be filing a petition for declaratory ruling with the Connecticut Siting Council on or after August 16, 2023, seeking the Council's approval to develop its solar project at the Property.

Once filed, a full digital copy of the initial Petition will be provided to the Town of Ellington. A full hard copy will be provided to the Town of Ellington if so requested. In addition, an electronic copy of the petition will be available on the Siting Council's website at www.ct.gov/csc. Should you have any further questions or concerns regarding this matter, please contact me at 860-424-4315 or the Connecticut Siting Council.
