RE: [PETITION NO. 1605](#) - The Connecticut Light and Power Company d/b/a Eversource Energy petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed Hartford Underground Cable Replacement Project consisting of the replacement and partial relocation of its existing 115-kilovolt (kV) 1722 and 1740 high pressure fluid filled (HPFF) electric transmission cables with cross linked polyethylene (XLPE) electric transmission cables along approximately 6.7 miles of existing and new right-of-way between Northwest Hartford Substation, Southwest Hartford Substation and South Meadow Substation and retirement of two transmission line taps at Capital District Energy Center Cogeneration Associates and O'Brien Energy Systems, Inc. cogeneration facilities in Hartford, Connecticut and related electric transmission cable and substation improvements.

Dear Attorney Bachman:

On April 22, 2024, the Connecticut Siting Council ("Council") issued a second set of interrogatories regarding the above-referenced Project. The Council requested responses to the interrogatories by May 6, 2024. Eversource respectfully requests that the Council approve an extension of the deadline of May 6, 2024, to May 17, 2024. Eversource will provide the responses to the interrogatories as soon as possible, prior to the extended deadline.

Two copies of this Request for an Extension will be mailed to your office.

Thank you for your attention to this matter. If you have any questions or concerns, please contact me.
