**Re: Petition No. 1607 - Hanwha Q Cells America Inc. petition for a declaratory ruling, pursuant to Connecticut General Statutes § 4-176 and § 16-50k, for the proposed construction, maintenance and operation of a 4.0-megawatt AC battery energy storage facility located at Parcel No. 95-F10-247-5 and 95-F10-247-5A, 163 State Pier Road, New London, Connecticut and associated interconnection – Request for Extension to Deadline for Decision**

Dear Ms. Bachman:

I am writing on behalf of my client Hanwha Q Cells America Inc. (“Petitioner”) in connection with the above-captioned Petition.

The Petitioner has been working with The Connecticut Light & Power Company d/b/a Eversource Energy (“Eversource”) regarding the interconnection design of the Petitioner’s battery energy storage facility (“BESF”) proposed in New London, Connecticut. The interconnection design requires changes to Petitioner’s originally proposed BESF equipment and design.

Pursuant to General Statutes § 4-176(i), and in the interest of providing the Connecticut Siting Council (the “Council”) with sufficient time to review such changes, the Petitioner respectfully moves for and consents to an extension of the Deadline for Decision for Petition No. 1607 from July 3, 2024 to August 21, 2024.

Petitioner is in receipt of the Council’s May 13, 2024 granting of an extension of time in which to submit interrogatory responses. The Petitioner thanks the Council and understands the

Petition No. 1607  
May 13, 2024

timing of such responses may change due to the nature of the changes to the BESF equipment and design.

The Council's consideration of this request is appreciated.

The original and fifteen copies of this motion are being mailed via U.S. Certified Mail to the Council's office.

I hereby certify that a copy of the foregoing document was sent via electronic mail to the service list for Petition No. 1607 on May 13, 2024.

Please do not hesitate to contact me with any questions or concerns regarding this request.

Sincerely,

Mark J. Cook, Esq.
