ORIGINAL

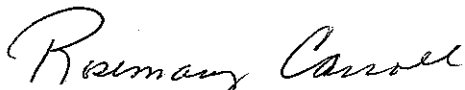

Petition No. 1609 – TRITEC Americas, LLC notice of election to waive exclusion from Connecticut for a declaratory ruling, pursuant to Connecticut General Statutes § 4-176 and § 16-50k, for the proposed construction, maintenance and operation of a 0.999-megawatt AC solar photovoltaic electric generating facility located at 250 Carter Street, Manchester, Connecticut, and associated electrical interconnection.

MARSD Answers to Interrogatories

Dear Dylan Gillis, Attorney Bachman and CT Siting Council:

Good morning! Attached are the answers to the MARSD interrogatories.

Thank you,

Rosemary Carroll, MARSD

Petition No. 1609 – TRITEC Americas, LLC notice of election to waive exclusion from Connecticut for a declaratory ruling, pursuant to Connecticut General Statutes § 4-176 and § 16-50k, for the proposed construction, maintenance and operation of a 0.999-megawatt AC solar photovoltaic electric generating facility located at 250 Carter Street, Manchester, Connecticut, and associated electrical interconnection.

MARSD Answers to Interrogatories

1. List the names and addresses of all members of the Manchester Advocates for Responsible Solar Development (MARSD).

Response: The current members are:

- Marie Urbanetti, 213 Blue Ridge Dr., Manchester, CT 06040
- Rosemary Carroll, 21 Brookview Circle, Manchester, CT 06040
- Dean Hummel, 31 Brookview Circle, Manchester, CT 06040
- Brett Carlson, 298 Carter St., Manchester, CT 06040

2. What is the date that the association was formed?

Response: April 17, 2024

3. How was the association formed, i.e. is there a filing with the Secretary of State, or with the Department of Consumer Protection as a non-profit organization?

Response: The association was formed over the kitchen table talking about the concerns of our neighborhood and residents looking for information.

We are a small volunteer community organization of concerned residents of CT with no funding or legal representation. Because we are research based, we do not believe that we need to file with the Secretary of State or the Department of Consumer Protection.

4. List all activities, if any, with which the association has been engaged to date.

Response: To date, we met to initiate the group and bylaws, prepare interrogatories, pre-filed testimony. We've met with concerned neighboring residents of 250 Carter St. and have disseminated information in regards to the CT Siting Board, contact information for local, state and federal elected officials, proposed state bills and informational articles around solar energy.
