Subject: Request for public hearing on petition number 1609

Dear Connecticut Siting Council Members:

I'm a resident of Manchester and I am writing to formally request a public hearing for Petition 1609.

I am in opposition to TRITEC's plan to clear cut significant acreage on wetlands, destroying the habitat of the variety of wildlife that occupies the area. I do not believe that the precautions laid out by the Department of Energy and Environmental Protection are sufficient, nor will be adequately followed by the California based solar developer.

Community members deserve the right to be heard by the members of the Council.

I appreciate your consideration.
