1. Manner in which party's legal rights, duties, or privileges will be specifically affected by the agency's decision in this contested case:

My property closely abuts the proposed Solar Farm on Foster Street. Actually, the Solar Farm surrounds my home and property. From the plans in Petition 1622, I fear that the electrical components are too close to my property and that the natural tree lined boundaries will be harmed or knocked down.

2. Manner and extent to which party proposes to participate:

I would like intervenors status. I would like to ask questions of the developer and I would like to make changes to any plans in order to keep noisy electrical components far away from my house and property.

3. Statutory authority for party status request:

I request Party or Intervenor's Status to speak to the developers of the proposed Solar Farm since my property abuts said project.

4. Nature of evidence that the party intends to present:

Articles regarding Noise pollution,

Copies of this request are required to be electronically mailed to all participants on the service list of a **pending** matter, which can be found on our website in Pending Matters under the appropriate docket or petition number.
