Re: LSE Sextans LLC and LSE Sextans II LLC (“Lodestar Energy”) – Petition for Declaratory Ruling for Solar Energy Project at 181 and 191 Lovers Lane, Torrington, CT

To Whom It May Concern:

LSE Libra LLC (“Lodestar Energy”) intends to file a Petition for Declaratory Ruling (“Petition”) with the Connecticut Siting Council (“Council”) in August, 2024. The Petition will seek approval of the location, construction, operation and maintenance of an approximately 3.0 megawatt solar photovoltaic (“PV”) project, including all associated equipment and related site improvements (the “Project”), to be located at 181 and 191 Lovers Lane, Torrington, Connecticut.

The proposed Project will consist of ground-mounted solar PV panels, centralized inverters and transformers, electrical lines, a step-up transformer and fence, a station controller, a perimeter fence and an access road and substation.

Pursuant to Connecticut General Statutes § 16-50g *et seq.*, the location and/or certain features of the Project may change through the Council’s regulatory approval process. Electricity generated by the Project will be supplied to the electric grid and will supply 100% renewable energy in furtherance of Connecticut’s renewable energy goals.

This notice is being sent to you because you are listed as an owner of land that abuts the Property, you are a state agency or municipality to whom notice is required, or in the alternative, as a courtesy.
