Permit Project Description

Site preparation for the new CHP. We will install temporary construction fencing around the work area, cut and chip the existing arborvitae, and remove chips from the site. Additionally, we will remove the existing propane tanks, propane, and vaporizer, as well as the current concrete pads and the existing 4-foot fence. Finally, we will backfill the site with structural fill.

BOTH PZ AND FM APPROVED THE LOCATION OF THE CHP. SEE GFTL-24-124
