Re: East Point Energy, LLC –Proposed Battery Energy Storage System Facility at 337 Elm Street, West Haven, Connecticut

Abutters Notice Letter

Dear Property Owner:

This letter is to inform you that East Point Energy will be filing a Petition for Declaratory Ruling (“Petition”) with the Connecticut Siting Council (“Council”) on or after March 5, 2025 for approval to construct, operate and maintain a 15 MW Battery Energy Storage System (“BESS”) facility on a 0.68-acre parcel at 337 Elm Street in West Haven, Connecticut (“Property”). You are receiving this notice because, according to Town Land Records, you own land that is considered to abut the Property.

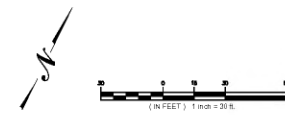

Once filed, a full copy of the Petition will be available for review at the West Haven City Hall. In addition, an electronic copy of the Petition will also be available on the Council’s website at www.ct.gov/csc/. If you have any questions regarding this matter, please contact me or the Connecticut Siting Council.

Sincerely,

Kenneth C. Baldwin

WEST HAVEN ENERGY STORAGE INFORMATION SESSION + Q&A

East Point Energy is hosting an in person information session and Q&A to provide the general public with information about the proposed energy storage system on Elm Street in West Haven.

This will be an opportunity to hear from company representatives and subject matter experts about the project, as well as information about the Connecticut Siting Council permitting process.

Following the information session, attendees will have the opportunity to ask questions. We hope you are able to attend and look forward to discussing the proposed project.

DATE
12/17/2024

LOCATION
The West Haven Library
300 Elm Street
West Haven, CT 06516

Subject: Invitation to Community Meeting – West Haven Energy Center Project

Dear Sir or Madam,

My name is Elisha Kiser, and I am a Project Developer with East Point Energy. Our company specializes in the development of grid-scale energy storage projects that enhance the affordability, reliability, and resilience of the electrical grid. We are currently working on the West Haven Energy Center, located on Elm Street, and are preparing to begin the review process with the Connecticut Siting Council in the coming months.

You are receiving this letter because your property is located near the proposed site for this energy center. The project will be located at 337 Elm Street, behind the Xpress Fuel gas station, and will connect to the electrical infrastructure at the adjacent substation to the north. We have intentionally placed the project in a location that is shielded by existing businesses along Elm Street, and we plan to utilize the current access road from Elm Street. Additionally, we are committed to ensuring that the project's enclosures will be screened to minimize visibility. Once completed, vehicle traffic to the site will be minimal, with an estimated average of 1-2 visits per month.

To provide more details about the project and address any questions or concerns you may have, East Point Energy is hosting a community meeting. Given that battery energy storage may be a new topic for many, we encourage you to attend this session to learn more. The community meeting will be held on:

Date: December 17th

Time: 6:30 PM – 8:30 PM

Location: West Haven Public Library, 300 Elm Street, West Haven, CT

We hope to see you there and look forward to discussing the project in greater detail.

Sincerely,

Elisha Kiser
Project Developer

Subject: Invitation to Community Meeting – West Haven Energy Center Project

Dear Sir or Madam,

My name is Elisha Kiser, and I am a Project Developer with East Point Energy. Our company specializes in the development of grid-scale energy storage projects that enhance the affordability, reliability, and resilience of the electrical grid. We are currently working on the West Haven Energy Center, located on Elm Street, and are preparing to begin the review process with the Connecticut Siting Council in the coming months.

You are receiving this letter because your property is located near the proposed site for this energy center. The project will be located at 337 Elm Street, behind the Xpress Fuel gas station, and will connect to the electrical infrastructure at the adjacent substation to the north. We have intentionally placed the project in a location that is shielded by existing businesses along Elm Street, and we plan to utilize the current access road from Elm Street. Additionally, we are committed to ensuring that the project's enclosures will be screened to minimize visibility. Once completed, vehicle traffic to the site will be minimal, with an estimated average of 1-2 visits per month.

To provide more details about the project and address any questions or concerns you may have, East Point Energy is hosting a community meeting. Given that battery energy storage may be a new topic for many, we encourage you to attend this session to learn more. The community meeting will be held on:

Date: December 17th

Time: 6:30 PM – 8:30 PM

Location: West Haven Public Library, 300 Elm Street, West Haven, CT

We hope to see you there and look forward to discussing the project in greater detail.

Sincerely,

Elisha Kiser

Project Developer

**Office of the Mayor
Mayor Borer
355 Main Street, 3rd Floor
West Haven, CT 06516**

Subject: Invitation to Community Meeting – West Haven Energy Center Project

Dear Mayor Borer,

I hope this letter finds you well. Over the past years, East Point Energy has had the pleasure of discussing and collaborating with you and your colleagues on the West Haven Energy Center Project, and we are grateful for your continued support and engagement. As we move closer to an exciting new phase of the project, we would like to formally invite you to a **community meeting** that will provide an opportunity to update key stakeholders on our progress, address any questions, and gather input from the broader community.

Details of the Community Meeting:

Date: December 17th

Time: 6:30 PM – 8:30 PM

Location: West Haven Public Library, 300 Elm Street, West Haven, CT

Agenda:

- Project overview and updates
- Community impact and benefits
- Feedback and Q&A session

This meeting will serve as a vital platform for continuing the dialogue we have built over the years, and we would be honored to have you join us as a key participant. Your insights and perspective are crucial as we move forward with the final stages of the project, and we look forward to your continued partnership in ensuring its success.

Thank you again for your ongoing collaboration. We look forward to seeing you at the meeting and to further strengthening our shared efforts toward the success of this important project.

Sincerely,

Elisha Kiser

Subject: Invitation to Community Meeting – West Haven Energy Center Project

Dear Cathy Conniff,

I hope this letter finds you well. Over the past years, East Point Energy has had the pleasure of discussing and collaborating with you and your colleagues on the West Haven Energy Center Project, and we are grateful for your continued support and engagement. As we move closer to an exciting new phase of the project, we would like to formally invite you to a **community meeting** that will provide an opportunity to update key stakeholders on our progress, address any questions, and gather input from the broader community.

Details of the Community Meeting:

Date: December 17th

Time: 6:30 PM – 8:30 PM

Location: West Haven Public Library, 300 Elm Street, West Haven, CT

Agenda:

- Project overview and updates
- Community impact and benefits
- Feedback and Q&A session

This meeting will serve as a vital platform for continuing the dialogue we have built over the years, and we would be honored to have you join us as a key participant. Your insights and perspective are crucial as we move forward with the final stages of the project, and we look forward to your continued partnership in ensuring its success.

Thank you again for your ongoing collaboration. We look forward to seeing you at the meeting and to further strengthening our shared efforts toward the success of this important project.

Sincerely,

Elisha Kiser
