Dear Li Xiang,

My name is Jean Paul LaMarche, and I am with Greenskies Clean Energy in North Haven, CT. Founded in 2009, Greenskies has constructed and operates over 320 Megawatts of solar projects throughout the country. However, most of our work takes place right here in Connecticut.

I am reaching out to you because we are developing a 1.99 MW-Megawatt ground-mounted solar array at 16 Soundview Drive owned by Michael Soufrine. We are in our early-stage development process which includes neighbor outreach. As a property located near the project site, we would like to offer an opportunity to address any questions or concerns you may have about the project.

Please visit SoundviewSolar.com for more information on this project.

Kind Regards,

Hi Mica,

I wanted to follow up on my previous email, and see whether you might have some availability to in the coming weeks to meet about a project separate from the transfer station?

Hi Mica,

Yes, I am aware of the project at the transfer station. This is a separate project that we are in the very early stages of developing. We are still in the process of putting all the details together, but I wanted to get something on the calendar for the new year as I know holiday times are difficult to meet. Since we don't have all the details at the moment I'd prefer to present them to you at our meeting if that's alright.

Thanks,

Gabe

Hi Kristine,

Thanks for the response!

For the Racebrook project, we can meet anytime between 11:00am-2pm on Tuesday, April 8th. For the Soundview project, we can meet at 12:30pm on Wednesday, April 9th. Some of our team members are out of state, so it would be great if we could do these

reviews as remote calls and share our screens to show you the designs. Please let me know if these times work for you, and if so, I will send teams invites for each!

Best,
Emilie

Dear Emilie,
I had prepared a response to you last week ~ but somehow it didn't get sent.
"My department" is me.
I have also cc'd Justin LaFountain from Gorman and York on this email since he has been serving as planning consultant to the Town and Town Plan and Zoning Commission.
I believe it would be beneficial for you have both input from Justin and myself.
I can generally meet any time between 10 ~ 4.
Next Tuesday, April 8th I do have a Town Plan and Zoning Event I have to be part of from 3 pm on.

Hi Kristine,

My name is Emilie Cohen, and I'm with Greenskies Clean Energy. We're currently working on two projects in your town – one at Soundview Drive and the other at Racebrook Road - that are approaching the final design stages of development.

Although these projects are being permitted through the state, we value your input and want to make sure we address any feedback you may have. In mid-February, we had the opportunity to meet virtually with the First Selectman to provide an overview of the projects. At this stage, however, we would appreciate the chance to meet in person with your Planning and Zoning team to present the detailed design plans and gather any additional feedback before we submit them for approval.

Would your team be open to meeting separately for each project? If so, could you suggest some dates that might work for you? If you have any questions, feel free to call me at 914-450-5448.

Best,

Emilie Cohen
