RE: **PETITION NO. 1686** – Greenskies Clean Energy LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the construction, maintenance and operation of a 4.99-megawatt AC solar photovoltaic electric generating facility and associated equipment located at 54 South Street, Morris, Connecticut, and associated electrical interconnection.

Construction Progress Reports

Dear Ms. Bachman:

Construction commenced on the 54 South St Morris CT project on May 11, 2026. The information below covers the period from June 1, through June 30, 2026. Below is a summary of construction activities for the project. Additional reports will be provided through the completion of construction.

June 2026

- Installation of stormwater basins, spillways and swales.
- Stabilization efforts of basins and swales.
- Grading in North array.
- Access road graded in towards north array.
- Rock cleanup in south and north array.
- Weekly erosion and sedimentation (E&S) inspections ongoing and in compliance.

Please do not hesitate to contact me if you have any questions regarding this construction progress report.

Sincerely,
Hannah Lawrence
