1. Manner in which petitioner claims to be substantially and specifically affected:

Petitioner is the owner of 2190 Post Road, Fairfield, CT 06824 (the "Property"). Since 1987, the Petitioner and the Property have been subject to an Order issued by the Connecticut Department of Environmental Protection ("DEP") (Order WC 4893, issued November 27, 1987, the "Order") directing measures to address alleged contamination at the Property and adjacent Mill River. Petitioner has expended and continues to expend substantial resources to implement appropriate remedial actions in response to these concerns. The efforts by The Connecticut Light and Power Company ("CL&P"), described below, to obtain an easement over the Property and to conduct work on and adjacent to the Property, including in the Mill River, to install and operate certain transmission facilities, may have substantial impacts on the alleged contamination and past, as well as future, remedial actions required on and adjacent to the Property. Specifically, these proposed actions by CL&P could adversely affect Petitioner, including its rights and obligations under the Order, and subject Petitioner as well as the public to additional risks, including environmental risks. CL&P has indicated it will require an easement on the Property in connection with its proposed construction of the Middletown-Norwalk 345-kV transmission line (the "Project"). See CL&P Development & Management ("D&M") Plan for the Middletown-Norwalk 345-kV Transmission Line Project - September 2006 at page 2-5. If granted, the easement and CL&P's Project work on and adjacent to the Property may have a substantial effect on the Property, specifically with respect to the environmental impact thereon, and Petitioner. In addition, any easement may require action under the Order with respect to the Property by the DEP and issuance of an additional order by the DEP to any holder of the easement.

2. Manner and extent to which petitioner proposes to participate:

Petitioner proposes to participate by review of the segment of Project impacting the Property as set forth in the D&M Plan and in any other materials submitted by CL&P, including its implication with respect to both Petitioner's completed and ongoing remediation efforts at the Property. In addition, Petitioner desires to obtain adequate assurance that any additional obligations arising out of the Project with respect to the Property are the responsibility of CL&P and not Petitioner.

Copies of this request shall be mailed to all participants at least five days before the date of the hearing. *
