Re: Docket No. 272

Dear Ms. Katz:

By letter of even date herewith, the Towns of Woodbridge, Milford, Orange, Cheshire, Durham and Wallingford have objected to the Council's current hearing schedule on the above matter, and requested that the Council direct KEMA to undertake certain additional studies.

This letter requests, on behalf of the Towns of Durham and Wallingford, that the Council also specifically direct KEMA to include in its additional studies, the feasibility of undergrounding segments of the facilities proposed in this proceeding within the Towns of Durham and Wallingford.

Very truly yours,

Alan P. Curto
