Re: Docket 272 - The Connecticut Light and Power Company and The United Illuminating Company Application for a Certificate of Environmental Compatibility and Public Need for the Construction of a New 345-kV Electric Transmission Line and Associated Facilities Between Scovill Rock Switching Station in Middletown and Norwalk Substation in Norwalk, Connecticut Including the Reconstruction of Portions of Existing 115-kV and 345-kV Electric Transmission Lines, the Construction of the Beseck Switching Station in Wallingford, East Devon Substation in Milford, and Singer Substation in Bridgeport, Modifications at Scovill Rock Switching Station and Norwalk Substation and the Reconfiguration of Certain Interconnections

Dear Chairman Katz:

The Connecticut Light and Power Company and The United Illuminating Company ("the Companies") have received a letter dated September 3, 2004 from the Office of Consumer Counsel ("OCC") to the Connecticut Siting Council ("Council") regarding the July 29, 2004 interrogatories propounded by the OCC to the Towns of Woodbridge, Orange, Cheshire, Wallingford, Middlefield, and Durham and the Cities of Middletown, Milford and Meriden. The Companies concur that the information requested in the interrogatories would be useful to the Council in its deliberations.

Very truly yours,

Linda L. Randell
