Bridgeport, Modifications at Scovill Rock)
Switching Station and Norwalk Substation and the) November 30, 2004
Reconfiguration of Certain Interconnections)

SECOND SET OF INTERROGATORIES
OF THE CONNECTICUT LIGHT AND POWER COMPANY
AND
THE UNITED ILLUMINATING COMPANY DIRECTED TO ABB

The Connecticut Light and Power Company and The United Illuminating Company hereby request that ABB respond to the following interrogatories on or before December 7, 2004.

INTERROGATORIES

17. The answer to CL&P/UI Interrogatory No. 12 includes a table that aggregates outage data for the Cross Sound Cable and Murrlylink projects. Please disaggregate the data and provide a separate outage data table for each project individually (without including the outage data for the other project). Also, calculate the annualized forced outage rate (in %, with 8,760 hours = 100%) and annualized scheduled outage rate for each project, based on experience through August 31, 2004.

18. Please disaggregate the price/cost information included in the answer to CL&P/UI Interrogatory No. 16, to provide a separate cost estimate for each of the following components, for each option:

- (a) labor;
- (b) material;
- (c) equipment;
- (d) overhead;
- (e) contingency costs;
- (f) each other component of your cost estimate.

19. For each interrogatory response 1 through 18, please state the ABB witness who will be available at the upcoming hearings to testify as to the answer.
