INTERVENOR STATUS REQUEST

DOCKET NO. 272 TOWN/CITY: MIDDLETOWN

1. Name: Linda Wilson, c/o Sebastian N. Giuliano, her Attorney
Address: P O Box 820, Middletown, CT 06457-0820
Phone: (860) 344-9045
Fax: (860) 344-8397
E-mail: sscalora@aol.com

2. Manner in which petitioner claims to be substantially and specifically affected:

Linda Wilson's 84 acre parcel on South Main Street, Middletown is proposed by Northeast Utilities and United Illuminating Company as an alternate route for overhead transmission lines to bypass the Royal Oak neighborhood.

3. Manner and extent to which petitioner proposes to participate:

Evidence will be presented showing that the proposed alternate route is zoned as a residential area by the City of Middletown, currently existing between two existing subdivisions. Evidence will also be presented disclosing ongoing plans to subdivide the petitioner's property into not less than twenty building lots for single-family homes. Overhead transmission lines as an alternate bypass to the Royal Oak neighborhood, as planned, do not comply with the law. In addition, the proposed alternate bypass is within close proximity to homes on Acorn Drive and other residential properties on South Main Street.
