Re: **Docket F2006**

Dear Chairman Katz:

Enclosed are an original and 20 copies of The United Illuminating Company's responses to the Connecticut Energy Advisory Board's interrogatories (Set 2).

Please do not hesitate to call me should you have any questions concerning this filing.

Very truly yours,

Bruce L. McDermott

Interrogatory CEAB-1

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsioulis
Page 1 of 1

Q-CEAB-1: Has the Company performed or participated in (i.e., as a project manager or team project member, by providing data and information, or by performing analyses and technical assistance) system planning studies related to potential projects to increase transmission transfer capabilities into or within Connecticut that are not described in its F2006 filings to the Siting Council? If so, please briefly describe the Company's role in each such study.

A-CEAB-1: No.

Interrogatory CEAB-2

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsoulis
Page 1 of 1

Q-CEAB-2: If Question 1 is answered in the affirmative, please provide a brief description of each such proposed project.

A-CEAB-2: Not applicable. See response to CEAB-1.

Interrogatory CEAB-3

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsioulis
Page 1 of 1

Q-CEAB-3: If Question 1 is answered in the affirmative, please provide a copy of all studies, analyses or reports in the Company's possession that address any such proposed project(s).

A-CEAB-3: Not applicable. See response to CEAB-1.

Interrogatory CEAB-4

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsioulis
Page 1 of 1

Q-CEAB-4: Is the Company performing or participating in (i.e., as a project manager or team project member, by providing data and information, or by performing analyses and technical assistance) any study of potential transmission improvements that would allow the capacity from the Lake Road generating facility to be recognized by ISO New England as firm capacity in Connecticut? If so, please briefly describe the Company's role in each such study.

A-CEAB-4: No.

Interrogatory CEAB-5

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsoulis
Page 1 of 1

Q-CEAB-5: If Question 4 is answered in the affirmative, please provide a brief status report describing progress to date in any studies of potential transmission improvements that would allow the capacity from Lake Road to be recognized by ISO New England as firm capacity in Connecticut. Include a description of the system improvements that would be required to achieve the stated result.

A-CEAB-5: Not applicable. See response to CEAB-4.

Interrogatory CEAB-6

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsoulis
Page 1 of 1

Q-CEAB-6: If Question 4 is answered in the affirmative, please provide a copy of all analyses or reports in the Company's possession that address studies of potential transmission improvements that would allow the capacity from Lake Road to be recognized by ISO New England as firm capacity in Connecticut.

A-CEAB-6: Not applicable. See response to CEAB-4.

Interrogatory CEAB-7

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsoulis
Page 1 of 1

Q-CEAB-7: Is the Company performing or participating in (i.e., as a project manager or team project member, by providing data and information, or by performing analyses and technical assistance) any study of potential transmission improvements that would allow additional capacity from Devon Station or from other Connecticut generating facilities to be recognized by ISO New England as firm capacity in Connecticut? If so, please briefly describe the Company's role in each such study.

A-CEAB-7: In April 2006, UI and CL&P were requested by ISO New England to participate as team project members in the study of potential transmission improvements that would allow additional capacity from Devon Power LLC, Milford. UI and CL&P will review and make necessary comments or revisions to the analysis provided in the ISO New England Devon Power LLC Export Expansion System Impact Study (SIS). As part of the SIS process, UI will provide the estimated cost of any transmission upgrades that would be required in UI's transmission system due to the SIS conclusions. ISO New England will, at Devon Power LLC's direction, tender a Facilities Study Agreement within thirty days on the acceptance of SIS.

Interrogatory CEAB-8

The United Illuminating Company
Docket CSC F-2006

Witness: Alex Boutsioulis
Page 1 of 1

Q-CEAB-8: If Question 7 is answered in the affirmative, please provide a brief status report describing progress to date in any studies of potential transmission improvements that would allow additional capacity to be recognized by ISO New England as firm capacity in Connecticut. Include a description of the system improvements that would be required to achieve the stated result.

A-CEAB-8: The ISO New England Devon Power LLC Export Expansion System Impact Study (SIS) has not been started.

Interrogatory CEAB-9

The United Illuminating Company
Docket CSC F2006

Witness: Alex Boutsoulis
Page 1 of 1

Q-CEAB-9: If Question 7 is answered in the affirmative, please provide a copy of all analyses or reports in the Company's possession that address studies of potential transmission improvements that would allow additional capacity to be recognized by ISO New England as firm capacity in Connecticut.

A-CEAB-9: The ISO New England Devon Power LLC Export Expansion System Impact Study (SIS) has not been started.
