Re: Exempt Modification - Notice Requirements

Pursuant to R.C.S.A. §16-50j-73, "the owner or operator of any tower and associated equipment claiming such tower and associated equipment is exempt pursuant to section 16-50j-72 of the Regulations of Connecticut State Agencies shall give the Council, the property owner of record, if the property owner of record is different from the owner or operator of the tower and associated equipment, and the chief elected official of the municipality in which the facility is to be located, notice in writing prior to construction..."

The Connecticut Siting Council (Council) requests that a parcel map identifying the property owner and parcel address be submitted with exempt modification filings. It is the filer's burden to ensure that the property owner and proper parcel address is identified and notified in accordance with this section and to provide proof of such notice.

Effective immediately, exempt modifications submitted to the Council without a parcel map will be rejected as incomplete pursuant to R.C.S.A. §16-50j-73.

Thank you for your anticipated cooperation.
