RE: Stormwater Report Submissions

Effective immediately, pursuant to Regulations of Connecticut State Agencies §16-50j-27, due to excessive volume, the Connecticut Siting Council (Council) requests stormwater report filings submitted to the Council with applications and petitions contain a hard copy of the narrative *without* the submission of appendices, including, but not limited to, stormwater calculations. A hard copy of the appendices may be bulk-filed at the Council's office when an application or petition is submitted.

Also, pursuant to Regulations of Connecticut State Agencies §16-50j-12, printed materials may be submitted double-sided and 1.5-line spaced. The Council prefers printed narrative materials to be submitted double-sided and 1.5-line spaced, and any maps, charts and other pictorial exhibits to be submitted one-sided.

Thank you for your anticipated cooperation. If you have any questions, please do not hesitate to contact me.
