

Mentoring Program

The Train-the-Trainer Certificate Program offers optional Mentoring assistance. Mentors are available to assist you with applying the concepts learned in class to your project. Mentors can help you with questions concerning your project or if you need to run an idea by someone. Mentors are familiar with the Train-the-Trainer Program modules and requirements. Many of the mentors are current instructors or have served as mentors to previous cohorts. Most are former TtT graduates. Mentors can be reached by phone or email. To help you decide which mentor to contact, we've listed each mentor's area of expertise.
