

## Kronos Scheduler: Skills and Certifications V8.1

---

### Purpose

Skills and Certifications are essential to Scheduling. These attributes are used to assign the most qualified associate to a job. If a job requires a skill or certification and no employee is scheduled who has that skill or active certification, a schedule rule is violated.

Today the organization tracks Certifications on paper, Excel, or Access Databases in a decentralized manner.

The source file for will have the name [EmployeeSkillCert.csv](#) .

The source file can be modified in Excel but must be uploaded as a Comma Delimited File to the Cloud [WIM\\_IN\Employee\\_Skill\\_Cert\\_Import](#) folder.

The interface [Employee Skill and Certification Import](#) runs on a daily schedule and can be executed adhoc by the Kronos System Administrator.

## Kronos Scheduler: Skills and Certifications V8.1

### EmployeeSkillCert.csv

If there are updates to this file, it must be uploaded via secure FTP Kronos Cloud location.
