August 7, 2008

The following is offered in response to your letter received by this office on August 4, 2008 in which you seek a formal interpretation of the provisions of Section 2902.6 of the 2003 International Building Code portion of the 2005 State Building Code.

Question 1: Would the above-mentioned code section allow portable toilet facilities to be utilized for spectator terraced seating, team rooms/concession building and a press box that are being constructed to serve new athletic fields?

Answer 1: No. The 2005 State Building Code does not have any provision that would allow the use of portable toilet facilities (other than the modification process) to be used in lieu of the required permanent toilet facility.
