Accessing and Navigating MyChartPlus

- Open the app on your phone or tablet (this would have to be downloaded via the app store on your device)
- 2. Enter: <u>https://mychartplus.org/myChart</u>/ into a web browser on your phone or computer
 - Either method will require you to put in the username and password that you previously setup
- 3. Once you have accessed MyChartPlus there is two ways to view your test results:
 - Health icon on the top line and choose "Test Results"
 - "View Test Results" on the right side under Quick Links
- 4. After viewing these Test Results there are some other things to know:
 - You can view lab results from tests you have had at any HHC facility on this page with the most recent test results on top.
 - There are links on the Home Page that will bring you to the HHC Covid 19 webpages, and the CDC webpages, for additional information.
 - If your Covid 19 test is positive, you will also be contacted by a provider
 - You should explore the rest of MyChartPlus to see other information about your medical care. Explore the Quick Links and Top Tabs.

Setting up Notifications

- 1. After downloading phone application from your phones app store this is how you will turn on notifications for each manufacturer.
- 2. IPhone

٠

- Click Settings.
- In the Settings menu scroll down to find the **MyChart** application and **select** it.
