

Family Assistance & Social Determinant (FASD) Funds

Child & Family Division

FASD Funds Details

Background

- Effective July 1, 2023, provider reimbursement funds will be available for children and youth, ages 0 up to 18, whose need for behavioral health treatment, intervention, and/or medication cannot be met through commercial insurance, Husky Health, family funding, or community-based resources.
- Funds are made available for a limited time by the CT Department of Children and Families through the American Recovery Plan Act.
- Each request allows a maximum of \$10,000. Requests for funds will be accepted until January 1, 2025, unless all funds have been exhausted prior to that date.

FASD Funds Details

Funding may be accessed for services rendered for a child, ages 0 up to 18, needing:

- ✓ Mental health and/or substance use treatment or prescribed medications
- ✓ Adolescent psychiatric services, intensive in-home or intensive outpatient or other recommended community-based service

AND

The family has been unable to access that care because:

- ✓ The family has sought but been denied coverage or reimbursement by their health carrier or have exhausted their benefits,
- ✓ The family is unable to bear the cost of the intervention due to financial hardship.
- ✓ The family has encountered barriers based on social determinants of health such as discrimination, poverty, housing or food insecurity, unemployment/underemployment, adverse early life experiences, or other social determinants related to mental health.

Referrals & Questions

- Request for funds will be sent to Carelon Behavioral Health.
- Requests can be made by families, medical and behavioral health providers, state departments, and care coordination programs that do not have access to alternative wraparound funding dollars.
- All other funding options must have been explored and/or exhausted.
- Requests may be made for services previously rendered no more than 120 days prior and client must still be in current treatment with provider.
