

Return of Nice Weather Means One Thing Increased foot traffic in SoNo

Washington Street, one of the main commercial strips in Norwalk, has taken a hit lately with the closing of several restaurants and stores. But the opening of a popular new restaurant last week, when combined with some summer like

weather, meant good things for the Center for Youth Leadership's human trafficking windows. Yep, lots of passersby. This photo doesn't do justice to our display. There are two windows to the left of these windows, which allows us to "sell"

ten of our members. We will continue our outreach on May 9 with another visit to the rest area on I-95 in Darien. It's a great way to educate people from multiple states. *The national trafficking hotline is: 888-3737-888.*
