Three Year Assessment:

Recommendation #1: Enhance communication, collaboration, and role clarity through training.

The GTFJAC Training Committee has partnered with CCA to provide statewide training during the previous reporting period. The Task Force will assess the activities and outcomes of the training committee to ensure the committee addresses the training needs identified through the Three-Year Assessment, OMS survey results, and other data collection activities.

The committee has the following responsibilities:

- Review specific training offered and ensure it will enhance providers statewide to enable them to better perform their roles as MDT members and other professionals within their specific disciplines.
- Assess existing training opportunities and evaluate the unmet needs for training of MDT members in terms of the investigation, assessment, intervention, and prosecution of child sexual abuse.
- Make recommendations for structural and procedural changes to the Governor's Task Force for Justice for Abused Children to most efficiently and thoroughly meet the training needs of GTFJAC members, law and judicial professionals, and the professionals within their disciplines.

Recommendation #4: Begin to address racial disparities and implicit bias through training, policy/protocol changes, and updates to MDT standards and evaluation criteria.

- Review RFP Submissions
