

TO ASSIST APPLICANTS IN PREPARING FOR THEIR WILDERNESS SCHOOL EXPEDITION	
NOTE: all medication (prescription and non-prescription) is due at the wilderness school 96-hours prior to the course start.	
<input type="checkbox"/>	Current Doctor's Orders for all prescription medications that the youth will be bringing are consistent with application materials, and have been filed with the Enrollment Office.
<input type="checkbox"/>	Current Doctor's Orders for all non-prescription medications that the youth will be bringing are consistent with application materials, and have been submitted to the Enrollment Office.
<input type="checkbox"/>	Refills on prescriptions have been made - smaller containers are preferred over bubble packs.
<input type="checkbox"/>	All medications must be in the original prescription containers and have a current prescription label attached (labels must match the Doctor's orders that were submitted).
<input type="checkbox"/>	Enough medication to cover the length of the course has been sent to the Wilderness School to arrive 96-hours prior to the course start date (please call the Wilderness School right away if you will not have a supply of medication that will cover the length of the expedition).
<input type="checkbox"/>	Applicants with prescribed rescue inhalers (i.e. Albuterol, ProAir, Proventil) must have 2 inhalers for 20-Day expeditions and 1 inhaler for shorter expeditions . One full inhaler shall be submitted for each asthma maintenance medication (i.e. Flovent, Advair, Singulair).
<input type="checkbox"/>	Birth Control Medication and maintenance inhalers may come with the youth to the course start.
<input type="checkbox"/>	Discontinued medication orders submitted for medications that the youth is no longer taking (only if previous Dr.'s Orders were submitted).
<input type="checkbox"/>	For over the counter medications (i.e. acetaminophen, ibuprofen) - we recommend prepackaged, individual doses or small container. In order to take any non-prescription medication, your doctor must have signed for this on Non-Prescription Medication Authorization (OTC) form. It is recommended that 20-day students supply either Tylenol or Ibuprofen as directed by physician.

Please contact the Enrollment Office at 860-653-8059 with questions. Thank You!
