I would like to nominate Ivan Cruz for employee of the month for New Haven. Ivan currently works with one of the most vulnerable populations, the young people applying for Special Juvenile Immigrant Status. These are young people who have come to this country and have survived unimaginable circumstances. Many are fleeing violence and crimes of their home country with the goal of being safe, finding opportunity, and a chance at a better life. Many of these young people would have every reason not to trust someone. Despite their circumstances, youth after youth trust Ivan. The youth and their families openly share their stories. They openly discuss the horrors and dangerous conditions they left behind. Ivan has a way of allowing those who should not trust, know they are in the best hands. He ensures the youth and families understand the process and are comfortable walking into a court. It is a pleasure to work alongside Ivan each day. Maggie has also garnered the trust and respect from her CPS colleagues and CPS leaders. She does this by working in a collaborative manner across different teams which leads to the same shared goal of preserving the safety and well-being of our foster children and eventually a finalized permanency for them. Finally, the Foster Care Team is so proud and lucky to have Maggie as a team member because she embraces

positivity even during the most challenging of times. Foster Care Leaders always say the same thing about Maggie and that is when we need her; she is their 100% for us just like she is there for her families.
