Atty. Vicky Bullock

Atty. Bullock referred to a complaint that was brought before the Home Inspection Board. The complainant stated that the company letterhead stated that the company provided engineering and home inspections. The complainant stated that the advertisement was misleading because she assumed that an engineer would perform the home inspection. The Board determined that the Board would not address this complaint unless the letterhead specifically stated that all inspections were performed by engineers and if the company was not properly licensed as engineering firm.

Atty. Steven Schwane

Atty. Schwane provided a brief update regarding the department's legislative package. Atty. Schwane advised the Board that he spoke with a representative from

CALS who stated that their lobbyist would have to find a Bill appropriate to attach the Board's package, which it appears unlikely that this would occur.
