

Office of Brownfield Remediation and Development
Municipal Grant Program – Remediation
Notice of Funding Availability (NOFA)

July 15, 2025

Round 22RG (Remediation & Limited Assessment Grant)

Announcement: The [Office of Brownfield Remediation and Development](#) (OBRD) of the Dept. of Economic and Community Development (DECD) would like to announce the availability of funding under the Municipal Brownfield Grant Program (Remediation and Limited Assessment) and is inviting applications for the same. The purpose of the Municipal Grant Program as per [C.G.S Section 32-763](#), is to provide grants for brownfield remediation and redevelopment. Additional program goals include encouraging public-private partnerships, leveraging the maximum amount of private funds to increase the economic impact of the State's investment, reactivating long-stalled sites, and incentivizing job creation.

OBRD has also simultaneously announced the availability of funding under the Targeted Brownfield Development Loan, the Assessment-only Grant, and the Brownfield Area-wide Revitalization Planning Programs. The total funding pool available for all DECD Round 22 notices is up to \$25 million. The review and decision process for all programs will be simultaneous.

“Brownfield” Definition: As per [C.G.S Section 32-760](#), “Brownfield” means any abandoned or underutilized site where redevelopment, reuse or expansion has not occurred due to the presence or potential presence of pollution in the buildings, soil or groundwater that requires investigation or remediation before or in conjunction with the redevelopment, reuse or expansion of the property.

Maximum Request Per Application: Grants of up to \$6,000,000 per application. Minimum requested grant amount is \$200,000. Applicants are welcome to submit separate applications for multiple projects/sites.

Application Process: Applicants are required to fill out the Grant Round 22 Application available on the [Grant Program Webpage](#). The Application has two separate sections – Part A: Threshold Eligibility Section and Part B: Project Details and all attachments. Applications may be denied funding after review of Part A of the Application Form.

All application submittals (along with attachments) shall either be:

1. Uploaded to a DECD SharePoint folder [**PREFERRED METHOD**]
 - a. Applicants must request a SharePoint link by emailing brownfields@ct.gov
 - b. Include Applicant & Project Name and Program Code (22RG) in subject line.
 - c. Recommended to make folder request by noon on Monday, Sept 8, 2025.

OR

2. Emailed to brownfields@ct.gov
 - a. Include Applicant & Project Name and Program Code (22RG) in subject line.

Application Due Date: The Application Form will be accepted until **noon** on Wednesday, September 10, 2025. An email will be sent to applicants to confirm receipt of the form and application package.

Questions related to the NOFA that are not included in the FAQ document should be emailed to Brownfields@ct.gov by Monday, August 11, 2025. Any FAQ addendum that includes responses to

additional questions not covered in the current FAQ document will be posted on the OBRD website by Friday, August 15, 2025.

All Applicants for funding under this Round 22RG NOFA should tentatively expect to receive clarification questions via email between September and November 2025. Awards are tentatively scheduled to be announced in November/December 2025.

Eligible Applicants: A Municipality as defined by [C.G.S. Section 32-760](#) (12); Economic Development Agency, as defined by [C.G.S. Section 32-760 \(6\)](#); and Connecticut Brownfield Land Banks, as defined by [C.G.S. Section 32-760 \(22\)](#). Entities responsible for the contamination are ineligible. All applicants must provide proof of access to the site, site control or path to site control.

Source of Funding: House Bill #2025-7288 Sec. 13 (c) (1) approves \$40 million in bond funds for the Brownfield Program for fiscal year 2026. DECD will be submitting a request to the State Bond Commission for approval of these funds to support this funding round opportunity and others under the program in FY 2026. (Note: No funding award will be made until the SBC approves bond funds for the program.)

Enabling Statutes: [C.G.S. Section 32-763](#)

Eligible Uses of Funds: Costs associated with the investigation, assessment, remediation and development of a brownfield, including but not limited to: soil, groundwater and infrastructure investigation; assessment; remediation; abatement; hazardous materials or waste disposal; long-term groundwater monitoring or monitoring for natural attenuation; other forms of institutional controls; attorneys' fees (non-DECD contract related), planning, engineering and environmental consulting; building and structural issues (including demolition, asbestos abatement, PCB removal, contaminated wood or paint removal and other infrastructure remedial activities).

Public-Private Partnership: DECD is encouraging public-private partnerships with this NOFA announcement. Remediation-redevelopment partnerships between eligible applicants and private developers can help with arriving at cost-effective remediation solutions. In addition, the economic development impacts with such projects are assured.

DECD will be willing to structure the Assistance Agreement (DECD Contract) to enable a pass-through of the grant from eligible entities to private partner entities, as long as all participating partners are willing to accept DECD's collateral terms and property restrictions including mortgage liens, unlimited corporate/personal guaranty, negative pledge and/or use restriction (as applicable, on a case-by-case basis). More details about the collateral terms and property restrictions are provided below.

Threshold Requirements: Applicants will need to demonstrate the following to be eligible to apply for the program:

- Proof that the site is a brownfield as per [C.G. S. Sec. 32-760](#).
- Proof that the Applicant and potential development partner(s) have no direct or related liability for the conditions of the brownfield.
- Proof that the Applicant or potential development partner has access or will have access to the property, site control or path to site control.
- Proof that the potential development partner is registered to do business in the State of CT and is in good standing – no pending lawsuits, liens filed or tax arrears.

- If the redevelopment project has a housing component, proof that it will comply with DECD's Affordable Housing policy (described below).

Application Review and Award Criteria: The following criteria will be used to score the applications.

Shovel-readiness/Project Merits	Remediation plan completeness
	Presence of developer/Public-private partnership
	Redevelopment plan completeness
Economic and Community Development Impact	Project is located in a distressed municipality, as defined in C.G.S. Section 32-9p
	Project is in Opportunity Zone
	Commitment to Environmental Justice goals
	Increase in property value/ Tax contribution to municipal tax base
	Job creation (permanent full-time equivalent FTE; direct and indirect)
	Supports the industrial sectors identified in the DECD/Advance CT economic development strategy - Advanced Manufacturing; Aerospace & Defense; Bioscience & Healthcare; Film, TV, Digital Media; Financial Services; Green Energy; Insurance; Technology & Innovation
	Supports production of renewable energy including wind, solar, hydro power, geothermal, biomass/biofuel; clean Hydrogen manufacturing; fuel cell installation and/or energy storage.
	Incorporation of green building design (geothermal, solar panels, green roofs, energy star windows and equipment etc.) and resiliency features to address climate change and reduction of carbon footprint.
	Supports other DECD initiatives – affordable*/workforce/middle and/or mixed-income housing, transit-oriented development, proximity to transit, reuse of historic property/mill, tourism supportive, and/or urban food desert solutions (*see affordable housing policy below)
Financing	Applicant/Developer partner contribution/share
	Private leverage of DECD funds
Applicant Experience	Applicant experience with completing similar projects on-time and within budget

Prevailing Wage Rules Affecting DECD Projects: All projects will have to be consistent with the requirements of [C.G.S. Section 31-53c](#) (as amended by the 2025 legislative session in [House Bill # 7287, Section 160](#)) and [C.G.S. Section 31-53](#).

Please note the new statutory language under [C.G.S. Section 31-53c](#), effective July 1, 2025, requires that prevailing wage rates be paid on projects receiving financial assistance under this Program. Specifically:

- The requirement is triggered when the total financial assistance for cleanup (from any and all DECD sources) is a million dollars or more;
- Prevailing wage rates apply to the cleanup (abatement, remediation, and demolition) phase/contract of a redevelopment project. All non-DECD funding for cleanup phase/contract will also have to pay prevailing wage rates. If DECD financial assistance is not used for the redevelopment/vertical construction phase, those separate contracts are **not** covered under this requirement; and
- The wage rates will have to be adjusted annually as required under C.G.S. Section 31-55a (see updated language as per House Bill #7287, Section 161 (2025 Legislative Session)).

Formal prevailing wage statute applicability determinations for specific projects are made by the CT Department of Labor (DOL). For a DOL determination on the applicability of the prevailing wage rates for your project or for any other specific questions, please contact Mary Toner, Wage Enforcement Agent, Public Contract Compliance at the CT Dept. of Labor (mary.toner@ct.gov; 860.263.6606).

Collateral Requirements: The Applicant will need to provide a completion guarantee or a mortgage lien on the property so that the State/DECD can recoup the funding in case the proposed redevelopment project cannot be completed. If the property/project site belongs to the Applicant's private development partner, the Applicant's partner (or partner entity) will need to provide the collateral. This collateral will be held by DECD/State until the redevelopment project is completed.

If the plan is to transfer the project site to a private development partner after the remediation project is completed, the mortgage lien (or guarantee) will have to be assumed by the private partner (partner entity or new owner) during property transfer and will be in place until the redevelopment project is completed.

Negative Pledge and Use Restriction Covenants: DECD will require the Applicant, or the Owner of the Property at the time of the DECD Contract execution, to execute a Negative Pledge that the project site shall not be sold, leased, transferred, assigned, or in any way encumbered or otherwise disposed of without first obtaining the written consent of the Commissioner (except if the transfer is from the Applicant to the Private Partner) for a period of ten years.

DECD will also be requiring the Applicant, or the Owner of the Property at the time of the DECD Contract execution, to covenant and agree that the project property shall be used for the purposes described in the Application for a period of ten years.

Both the Negative Pledge and Use Restriction Covenant will be recorded on the land records.

Special Note for Projects Seeking CHFA/DOH Funds: If the applicant is simultaneously seeking and waiting on CHFA/DOH financing, DECD will only provide a conditional award pending CHFA and DOH approvals. The conditional award will expire in a year or after the CHFA and/or DOH funding announcement, whichever occurs earlier.

DECD Affordable Housing Policy (as of July 20, 2022): If the project involves a net addition of 10 or more residential dwelling units for rent, a portion of those units must be deed-restricted for 30 years to be offered at below-market rent. If the project involves a net addition of 10 or more residential dwelling units for sale, some of those units must be deed-restricted in perpetuity to be offered for sale at below-market price. Applicants may choose whether to provide 10% of units affordable to households making 50% of the area median income (AMI), or 20% of units affordable to households making 80% of AMI. Affordable unit rent may not exceed 30% of the criteria AMI, and affordable unit sale price may not

exceed an amount that would lead to expected monthly housing costs exceeding 30% of the criteria AMI. Expected monthly housing costs are the expected sum of monthly property taxes, 30-year mortgage payment assuming 3% down payment and prevailing interest rates, and any common charges.

Units must be on-site, the unit sizes and finishes must be comparable to market-rate units, the unit bedroom counts for affordable units must be in the same proportion as market-rate units, and the affordable units must be distributed evenly throughout the market-rate units. If construction is phased, affordable units must be constructed as proportionally as is feasible in each phase. Affordable units must use the same building access as market-rate units and have comparable access to building amenities.

The DECD Commissioner may approve projects not in compliance with the above policy following a written request with detailed justification from applicant.

Application Page limit (excluding attachments): DECD encourages all applicants to be succinct with their responses to the questions. DECD will only accept responses to the questions included in the space provided within the forms. Material presented outside of the forms may not be reviewed. Incomplete applications will be rejected. Please make sure to label attachments as per instructions on form.
