

\$5 Million in Maintenance and Repair Grants Awarded throughout Connecticut:

The pandemic didn't slow SHPO down, since March of 2020, the SHPO has awarded more than \$5 million dollars in Historic Restoration Fund grants. The Historic Restoration Fund program offers maintenance and repair funding to non-profit 501-c3 and 501-c13 and municipally owned buildings listed on the State or National Register of Historic Places. Funding was spread across each of Connecticut's counties for projects such as roof replacements, masonry repairs, window restoration, structural stabilization and exterior painting. Beginning in August 2023, the SHPO office will begin reviewing new applications for funding to this program.

Towns that received Historic Restoration Fund grants between March 2020 and June 2023.
