

Re: Angel Tax Credit Program

Pursuant to the requirements of Connecticut General Statutes of Public Act 17-110, I am pleased to submit the Cumulative Report for the Angel Tax Credit Program as managed by Connecticut Innovations, Incorporated. The report covers all the Qualified Connecticut Businesses that received funding from Angels through the program from July 1, 2010 through May 31, 2022.

ECONOMIC IMPACT

208 Qualified Connecticut Businesses (QCB's) received \$131.5M in investments. The QCB's have created or retained over 1,587 jobs as of May 31, 2022. The state has invested \$32.9M via angel tax credits awarded, generating a leverage factor on the program of 4X.

The Angel Tax Credit program was designed to encourage investments in early-stage technology-based businesses in the state. The legislation was revised in 2018 and all business disciplines are now included. The Angel Tax Credit program has a proven track record of success in assisting promising startups in their early stages of development and is a positive way the Angel Tax Credit is impacting Connecticut's small business community.

Investments in these companies made by angel investors and angel investment networks are eligible to receive a tax credit equal to 25 percent of the amount of the equity investment through the Angel Tax Credit Program.

Connecticut Innovations investment programs spur investment in early-stage businesses with the potential for significant economic impact and job growth. The programs are as simple as they are effective, creating mutually beneficial outcomes for investors, businesses, and Connecticut's economy.

In FY 2021 the legislation was revised to include Social Equity Companies in the Cannabis industry. The Social Equity Council is still going through the application process. CI is ready to administer the new program when there are applicants that meet the criteria as set forth in the legislation. Investments in these Qualified Cannabis Companies that meets the Social Equity Company criteria made by angel investors and angel investment networks are eligible to receive a tax credit equal to 40 percent of the amount of the equity investment through the Angel Tax Credit Cannabis Program.

Please feel free to contact Stepheni Harpin at 860-258-7880 should you have any questions regarding this report.

Sincerely,

Philip Siuta

Philip Siuta
Chief Operating Officer and Chief Financial Officer
Connecticut Innovations, Inc.
