IN THE MATTER OF : *APPLICATION #200801880-KF*

ANN LUNN : *FEBRUARY 28, 2011*

FINAL DECISION

A Proposed Final Decision was issued in this matter on February 8, 2010 that included a recommendation that I deny the requested permit due to concerns raised by the hearing officer over the safe use of the applicant's proposed dock. The parties filed exceptions to certain facts and conclusions set forth in that decision and argued their exceptions before me on April 28, 2010. Thereafter, the parties reached an agreement to propose a modified dock design that addressed the safety issues outlined in the Proposed Final Decision.

The parties have entered in the record a revised permit application, draft permit and agreed draft decision that reflect the proposed design changes. The hearing officer has reviewed the proposed changes and determined that they adequately address the safety issues. She has issued a Supplemental Proposed Final Decision with her recommendation that I grant the requested revised permit.

I have reviewed the Proposed Final Decision and the Supplemental Proposed Final Decision that adopts the Revised Agreed Draft Decision of the parties. I affirm the hearing officer's decision and accept her recommendation to issue the requested permit incorporating the terms and conditions set forth in the revised draft permit, attached to her supplemental decision as Attachment "B".
