***Re: Two Revisions to the Connecticut State Implementation Plan:  
Periodic Emissions Inventory for Inventory Year 2014; and Periodic Emissions Inventory for Inventory  
Year 2017***

Dear Mr. Wortman:

This package consists of two revisions to the State Implementation Plan (SIP). Each revision to the SIP is a Periodic Emissions Inventory (PEI), one for year 2014 and one for year 2017, to satisfy inventory requirements for the 2008 and 2015 National Ambient Air Quality Standards (NAAQS) for ozone. The two SIP revisions were noticed in the same announcement and were subject to the same comment period and opportunity to request a public hearing. An electronic copy of this submission has been mailed to the copy recipient listed below. All required state and federal procedures for public participation were followed, including satisfaction of the requirements of 40 CFR 51, Appendix V, and 40 CFR 51.102. To demonstrate satisfaction of the public participation requirements and provide the final SIP revisions, I have included the following documents in this submission:

- Attachment A1-State of Connecticut 2014 PEI Attachment
- Attachment A2-State of Connecticut 2017 PEI
- Attachment B-State of Connecticut 2014 and 2017 PEI Notice of Intent
- Attachment C-State of Connecticut 2014 and 2017 PEI Notice and Public Participation Certification
- Attachment D-State of Connecticut 2014 and 2017 PEI Comment Response

If you require additional information or have any questions about this submission, please get in touch with Rebecca McLean of the Bureau of Air Management at (860)-424-3511 or [Rebecca.McLean@ct.gov](mailto:Rebecca.McLean@ct.gov).
