Connecticut Department of Energy and Environmental Protection

Outreach Update

- **Equity Outreach**

- Reached out to 170 organizations throughout CT with available resources
- Presentation opportunity on September 29th with Sustainable Essex Environmental
 - Zoom presentation to discuss EVs, Charging and the CHEAPR and CHEAPR Rebate+ Incentives
- More outreach required...

- **Dealership Outreach**

- Quarterly Newsletters to dealerships in CT
- Dealership assistance via phone and emails as needed
- Provided content to CARA for monthly newsletters

Marketing and Outreach Plan for Rebate+

In order to increase Rebate+ applications we will focus on the following targeted outreach:

- Revamping Facebook ad campaign to target lower income areas in CT
- Continue CBO outreach to expand Rebate+ messaging to LMI communities
- Target outreach to all new and used dealers in CT with a focus on Rebate+
 - Provide talking points to dealerships for Rebate+ New and Used for their customers

Engagement Opportunities

CHEAPR CBO Content Kit

Thank you for your organization's support of the Connecticut Purchase Rebate (CHEAPR) program. Ensuring equitable access critical for Connecticut to improve air quality and meet its goals for climate change. We are excited to share this significant opportunity to the Rebate+ Used. Rebate+ is a post-purchase incentive available to eligible EVs. Rebate+ is available to income-qualified consumers and leaseholders of new EVs. With your support, we hope to encourage more battery electric vehicles, plug-in hybrid electric vehicles and fuel cell vehicles.

CHEAPR Now Offers Even More Rebates for Electric Vehicles

The Connecticut Hydrogen and Electric Automobile Purchase Rebate ([CHEAPR](#)) program has expanded rebates to offer up to \$9,500 for the purchase or lease of an electric vehicle (EV).

Here's how it works:

- Purchase or lease a new eligible EV and receive the CHEAPR standard rebate of \$2,500 – \$7,500 instantly at the dealership. Income-qualified car shoppers also receive an additional \$4,500 rebate.

CHEAPR CBO Content Kit

Thank you for your organization's support of the Connecticut Hydrogen and Electric Automobile Purchase Rebate (CHEAPR) program and its efforts to improve air quality and meet greenhouse gas reduction targets.

To help ensure equitable access to electric vehicles (EVs), we are excited to announce two significant improvements to CHEAPR, **Rebate+ New** and **Rebate+ Used**.

- **Rebate+ New** is a post-purchase incentive available to income-qualified EV shoppers in addition to the standard CHEAPR incentives for total rebates of \$4,250 – \$9,500.
- **Rebate+ Used** is a post-purchase incentive available to income-qualified EV shoppers for the purchase or lease of a used EV with rebates of \$3,000 – \$7,500.

With your support, we hope to encourage more people to switch to EVs, including battery electric vehicles, plug-in hybrid electric vehicles and fuel cell electric vehicles.

CHEAPR & EV highlights

- Available to Connecticut residents only.
- Both EV purchases and leases qualify.
- **Rebate+ New** and **Rebate+ Used** are now available.
- EVs may be eligible for additional federal and local incentives.
- With lower fueling costs and less maintenance, the total cost of EV ownership is less than a conventional car.

If you have any questions, comments or feedback, please email lori.demaine@energycenter.org.

Again, thanks for all you and your organization are doing to help promote transportation electrification and help reduce air pollution and emissions in our state.
