

Regulatory Update

Two Proposals Open for Public Comment

SIPRAC
10/15/2011

Reducing Regulatory Burdens

Amendment of RCSA Sections:

- **22a-174-1 & -3a** - revise to include significant impact levels, significant emissions rates and increments for fine particulate matter, or PM_{2.5}
- **22a-174-26** - delete references to RCSA §22a-174-17 & -100
- **22a-174-30** – exempt certain vehicle fleets from Stage II vapor controls
- **22a-174-36b** – provide national compliance options for vehicle manufacturers within the low emission vehicle program

Repeal of RCSA Sections

- **22a-174-17** - control of open burning
- **22a-174-43** - portable fuel container spillage control
- **22a-174-100** - permits for construction of indirect sources
