

Directions on How to Obtain a Conservation ID Number

Please note: If you have a Connecticut Hunting or Fishing License, your Conservation ID Number will be the same ID Number that was assigned with the Hunting or Fishing license.

- Go to the Online Sportsmen Licensing System
<https://ct.aspirafocus.com/internetsales>
- Click “Create an Account.”
- Enter your Last Name, First Name, and Date of Birth. Under season, select the current. Click continue.
- Complete all the fields for Personal Information, Residence Address, Mailing Address, and Contact Information and then Select “Submit.”
- After entering your information, the system will assign you a new Conservation ID Number.
- You will need to give this Conservation ID Number to the Instructor when the class starts.
- Please save your Conservation ID number in a safe place.
- Should you forget your Conservation ID, please contact the boating division 860-434-8638 or deep.boating@ct.gov. Do not create a second conservation profile.

Happy boating!
